25X1 O-Compt., legally, funds not obligated by 30 June 1976 may be transferred to the Transitional Quarter (TQ). However, Agency internal policy will be that all unobligated funds will be withdrawn from components on 30 June. Components then need petition Compt. for release of the funds during the TQ to meet requirement. In at least one instance (TADS for OJCS), Compt. has already approved obligation of FY 1976 funds in the TQ.
